

# The Gift

By: Miru Le

I was wandering around in a shop  
Seeking a special gift that you'd like  
But then I got myself distracted,  
And I found myself riding a bike!

I zoomed through aisles of toys  
And then I smashed into a box  
The bag that I had suddenly flew  
Right into a large stuffed fox.

A ninja dressed in bright pink  
Took my wallet from out of my bag  
And he left with a smirk on his face  
Leaving me sitting on a bumpy rag!

I then decided that all hope was lost  
And I came back home feeling like I fell in a rift  
So that is why, my lovely parents  
I couldn't buy you a spectacular gift!
